

MAKE YOUR ENERGY DATA WORK FOR YOU

Reporting-to-Results (R2R)

is a free program that helps commercial building owners and operators in Victoria and Saanich new to energy reporting understand and act on their building performance data. Participants can identify opportunities for energy savings, modernization, and efficiency improvements, while also enhancing occupant comfort and long-term building performance.

WHO SHOULD APPLY?

Property owners, managers, and operators of commercial buildings over 30,000 sq. ft. in Victoria and Saanich that are newly participating in the CRD Building Benchmarking program.

WHY PARTICIPATE?

Identify opportunities to reduce operating costs

Better understand your energy performance

Learn about incentives, rebates, and support programs

Connect with relevant resources and technical support

APPLY NOW!

Spaces limited to 8 participants.
A free opportunity!
